PRODUCT Quantity Discount Rate Matrix

The following matrix applies to single sites only. Contact Pyxis contracts department for discount information for multi - site contracts.

Total Quantity	Quantity Discount
1-5	0%
6-9	2%
10-14	3%
15-19	4%
20-24	5%
25-29	6%
30-39	7%
40-49	8%
50-59	9%
60-69	10%
70-79	12%
80-89	13%
90-99	14%
100+	15%

Total quantity = Total units

Total units = (Order quantity + Installed base)

A) Installed Base is the total of all Pyxis "units", including MedStation, SupplyStation, PyxisStation System and chargeable consoles.

Discounts:

- Rental and Purchase prices are generally subject to group and quantity discounts
- Exceptions are noted for each product
- Service prices are subject to discounts according to the particular GPO agreement
- Quantity discounts are based on the number of equipment units
- Chargeable consoles will count as "units"

Product #	Product	Metric	With Basic Service

A) Installed Base is the total of all Pyxis "units", including MedStation, SupplyStation, PyxisStation System and chargeable consoles.

GENERAL NOTES

- Pyxis products include installation - See Operating System License and console pricing.
- Columnar, CathRack, 0 and 2 drawer mains will not support two, six and seven drawer auxiliary units. They will support doored auxiliaries.
- Additional drawers are not available for doored auxiliaries used in MedStation, MedStation Rx or MedStationSN systems.
- On MedStation columnar mains, no additional drawers may be installed into these units.
- Quantity discounts may apply to service per the hospitals' GPO agreement with Pyxis. Customers should check eligibility. See Qty Discount Matrix page.
- Chargeable "units" (boxes) DO COUNT in establishing the product quantity discount level (e.g. MedStation, SupplyStation, Cath Rack, Flex Track, ScrubStation, CII Safe, Anesthesia System, Pyxis Station, STARTERx, chargeable consoles).

Some products are not considered "units" and therefore DO NOT COUNT in establishing the product quantity discount level (e.g. PyxisConnect, Remote Manager, Consultant, Pyxis Reporter, PyxisMAR, PARx, Pyxis Page, etc.).

- Pyxis 8 hr service is subject to a review of feasibility, such that in some cases, 8 hour response may be modified to 24 hour response.

Acute Care
PRODUCT SPECIFIC NOTES
SupplyStation and Supply Automation

- Doored main units will not support two, six and seven drawer auxiliary units. They will support doored auxiliaries.
- The Cath Rack module consists of 7 individual slide out racks, 8 pockets/rack, occupies a full "column" and must be configured at the factory to face left or right.

CII Safe

- CII Safe will control doored auxiliaries.
- CII Safe does not require a System Console, but it will communicate with any Pyxis MedStation console.
- Includes laser printer, bar coding, ability to release auxiliary doors and interface to Pyxis MedStation System

Remote Manager

- For installation on refrigerators or warmers only.
- An implementation fee of \$1,086 applies to every quantity of 10 or fewer (e.g. 1-10 qty = \$1,086 fee, 11-20 qty. = \$2,172 fee, etc.)

Important: Price Lists are subject to change without notice

-----	--------------	-----------	------------------------	-------------------------------------	-------	-------	-------	-------	-------	-------	--------------------	--------------	--------------	-------------------------	-----	-----	----------------------	-----------------	------------------------	--------------------------	-----------	----------------------	-------------------	--------------------

PARx - Wireless
A) ParX BarCar CPU is provided as needed.
B) Sm PARx WL has 3 PDT's + 3 Portable Label prtr's (i.e. 3+3), Med PARx WL has 4+4, Large PARx WL has 5+5, x Large ParX WL has 6+6.

PARx - Serial
A) ParX BarCar CPU is provided as needed.
B) Sm PARx has 2 PDT's + 2 Portable Label prtr's (i.e. 2+2), Med PARx has 3+3, Large PARx has 4+4.

Wholesaler Interface Sidecar
A) Interfaces are not available for "purchase".

System Console and Operating System
A) One high speed printer is provided with each console as standard equipment unless otherwise indicated.
B) Chargeable consoles count as units toward quantity calculations and are eligible for a quantity and group discount.
C) Includes installation of appropriate main CPU, interface CPU (Pyxis SIDECAR computer), communications equipment, battery back-up, high-speed printer, Pyxis side of the ADT interface, and Pyxis side of the Billing interface (where possible). The Pyxis side of a MedStation-Rx interface is included where possible in Rx consoles. Also included is the Pyxis Operating Software License as noted below.
D) Pyxis provides the equipment needed to implement our side of the interface. Our side of the interface begins at the connector terminating the cable through which the interface data will travel. This cable must terminate within 6 feet of the permanent location of the Pyxis SIDECAR computer. Pyxis will provide appropriate data conversion as needed to adapt the format exiting the cable to meet our hardware and software configuration requirements or limitations. Pyxis will not provide data communication equipment or wiring need to present the hospital's data communication channel to the Pyxis SIDECAR location.
E) Product M2CB4S is only available to customers with products M2MB6DR4Z, M2MB5DR4Z, M2MB2DR4Z, or M2MB0DR4Z.
F) Basic service is not available for R2CB4S or M2CB4S (i.e. The 2000SN System or Systems including M2MB6DR4Z, M2MB5DR4Z, M2MB2DR4Z, or M2MB0DR4Z).
G) The Console Operating System Site License and Station Operating System Site License are included in the rental or purchase price, provided a customer support agreement is maintained on all components of the Pyxis system.
H) Pyxis Operating System License is site specific and non-transferable.

Consultant
A) Includes unlimited seat Internet Available License
B) Consultant customer must use Pyxis hardware (there is no "software only" version offered)

Pyxis Reporter

Other Supplies/Accessories
A) Freight and shipping is additional and not included in the prices for Other Supplies/Accessories

Quantity Discount Rate Matrix
Installed Base is the total of all Pyxis units, including both MEDSTATION, SUPPLYSTATION System and chargeable consoles.
Discounts: Rental and Purchase prices are generally subject to group and quantity discounts. (Any exceptions are noted.)
Customer Support prices are subject only to discounts per GPO agreement. Quantity discounts are based on the number of equipment units.

Pyxis Priority Service
A) Pyxis Priority is only available for System 2000Rx/2000 customers and the other Medication family of products connecting to the console. (e.g. CII Safe, PARx)

Additional Training Options
Non-Catalog products
A) Pyxis retains the right to increase Non-catalog product customer service pricing.

New Markets
Notes below only applies to products and systems in the New Markets (NM) section of the Price List

OTHER POLICIES / SERVICES / SUPPLIES

Relocation Fee
When a customer desires to move a station or console from one facility to another, Pyxis shall provide this service. However, there will be an additional charge.

Transfer of Agreement Obligations
Upon approval by Pyxis, the rental and customer support agreement terms, conditions and obligations may be transferred to a third party. This policy will be evaluated on a case-by-case basis.

-----	--------------	-----------	------------------------	-------------------------------------	-------	-------	-------	-------	-------	-------	--------------------	--------------	--------------	-------------------------	-----	-----	----------------------	-----------------	------------------------	--------------------------	-----------	----------------------	-------------------	--------------------

Interfaces and Communications

When a customer selects a Pyxis system which includes an interface, the customer will receive Pyxis' side of One interface (when interfaces are possible). After the customer is provided this initial interface, should the customer require a new interface or an upgrade to an existing interface, there will be an additional charge. On-going regular maintenance of an existing interface will be provided by Pyxis as part of the Customer Support Agreement.

In the event a customer wishes to change the communications method that was originally installed (i.e. RS485 to wireless), there will be an additional charge.

1. Includes installation and Pyxis Operating System Site Licenses. Each Pyxis system has a Console Operating System Site License and Station Operating System Site License(s) which are included in the rental or purchase price, provided customer support agreements are maintained on ALL components of the Pyxis system. The Pyxis Operating System Site Licenses are site specific and non-transferable.

2. Discounts:
Customer Support prices are subject only to discounts per GPO/FSS agreements. Quantity discounts are based on the number of main, auxiliary and console units for which a customer pays monthly rent or purchases. Upgrades, interfaces, drawers and remote managers do not count as units for purposes of calculating installed base and quantity discounts.

3. Based on the size of the facility, customer may be eligible to use RF technology. If customer chooses RF technology, it will need to purchase a RF/Wireless Kit for Pyxis Station.

4. Month-to-month option is only available at the end of an existing rental period. Twelve months is the minimum rental period for new agreements.

5. See Service Pages for Pyxis Service and Pyxis Priority Service options

6. If the facility does not require a stand-alone facility console, it will receive one standard Pyxis laser printer at no charge.

7. Column main, two drawer main and zero drawer / base main units will NOT support drawer auxiliary units.

8. Four drawer main is similar in hardware to six drawer main, except metal plate covers location where bottom two drawers would be. Plate cannot be removed unless the unit is upgraded to a six drawer main.

9. Includes PyxisCar interface (New Markets 3.0).

10. Includes Pyxis side of ONE ADT and ONE billing interface (when interfaces are possible) and the installation of appropriate CPU and communications equipment. Pyxis provides all routine equipment needed to implement our side of the interfaces. Our side of the interfaces begins at the connector terminating the cable through which the interface data will travel. This cable must terminate within six feet of the permanent location of the Pyxis interface car. Pyxis will provide appropriate data conversion needed to adapt the format exiting the cable to meet our hardware and software configuration requirements or limitations. Pyxis will NOT provide data communication equipment or wiring needed to present the the customer's data communications channel to the Pyxis interface computer location.

11. In addition to footnote (10), includes Pyxis side of ONE pharmacy Profile interface (when interface is possible).

12. Does not count as a unit for purposes of calculating a customer's installed base and quantity discount.

13. Each column main or auxiliary unit will support a maximum of 6 drawers (excluding the bonus drawer on the main units).

14. Used when a facility does not have a stand-alone console unit and desires an ADT and billing interface (when interfaces are possible).

15. Includes computer hardware and software which links Pyxis consumption data to the customer's pharmaceutical or supply wholesaler for purposes of automatic replenishment. Pyxis wholesaler interface software is adaptable to all major wholesaler inventory management / reordering systems.

16. For installation on refrigerators or warmers ONLY.

17. Five drawer main is similar in hardware to six drawer main, except a permanent bin replaces bottom two drawers. Bin cannot be replaced unless the unit is upgraded to a six drawer main.

18. Local means the SupplyStation console is installed LOCALLY in an alternate site facility (i.e. nursing home or clinic).

19. Mini drawers are only available in Pyxis Station 3.0 drawered main units.
